Environmental Sustainability Policy

PRIVATE VOCATIONAL TRAINING INSTITUTE management is committed to implementing environmentally sustainable best practices for our own operations and to assist our clients and students in their efforts to address their environmental concerns. This Policy describes PRIVATE VOCATIONAL TRAINING INSTITUTE practices and programs that work to reduce our environmental impact and drive sustainable real estate practices.

PRIVATE VOCATIONAL TRAINING INSTITUTE is internationally recognized for providing professional vocational training and services which meets the highest standards and accreditation.

PRIVATE VOCATIONAL TRAINING INSTITUTE will make every reasonable effort in all areas of environmental control.

PRIVATE VOCATIONAL TRAINING INSTITUTE shall strive to achieve these through the following:

1. Environmental Targets. We adopted a science-based greenhouse gas reduction target attributed to our corporate operations in accordance with the ministry of environment. We will annually measure our greenhouse gas footprint and track performance against the stated targets and report the results.
2. Client Services. We continue to develop and provide comprehensive energy and sustainability advice and services to our clients, encouraging and collaborating with them to adopt or enhance responsible environmental policies and practices in their real estate holdings whenever possible and seek to elevate their disclosure rankings.
3. Public Policy. We take an active role in the public policy debate regarding effective solutions to climate change and related environmental matters.
4. Compliance with Laws and Regulations. We comply with all prevailing environmental laws and regulations.
5. Corporate Responsibility and Reporting.
6. This Policy, which forms the basis of establishing and reviewing environmental sustainability performance, shall be reviewed at time of change of management, for ensuring competitive excellence and alignment with business goals.

This policy has been communicated to all employees, stakeholders and will be made available to public on demand.
